

AUDIO - VIDEO

Ever wonder who those people are up in the booth up in the church balcony and what they are doing?

They are our Audio Video volunteer team! The Audio Video Team is a group of volunteers who handle the sound and audio video recording for the church. Each Sunday one volunteer handles the sound for our 9am Church Service. We record this service and use the audio recording for our weekly podcast on Podbean and also audioCD copies are made for our "Shut In" members that cannot get to a weekly service. These shut in members greatly appreciate the Audio/Video service provided to them! Two volunteers are needed for our 10:30 service - one for Audio and one for Video. The video recording is copied and sent to our local TV station to be broadcast to subscribers on a weekly basis. The recordings are also sent to "Shut In" members who prefer this type of recording - again it is greatly appreciated! They also do our Livestream recording for our online video viewers who watch us weekly via the web. Besides Sunday, Audio/Video volunteers also assist occasionally for weddings, baptisms & funerals.

You must be trained by the Audio/Video Coordinator to volunteer for this job. If you are interested in being a part of this group, please contact our A/V Coordinator Don Meier damier@comcast.net, or Pam Tyndall in the church office. Thank you for all our A/V Volunteers for this much appreciated responsibility!
