KIDS KIDS

Acting: Your child will be assigned a part and have lines to learn. If your child likes to be up in front of people and can handle the attention then this is the place for them. **There will be extra rehearsals required, mostly on Sunday mornings.**

Acting without speaking: This year the play calls for some children to act out part of the song. There would be no lines to learn but they would put on costumes and some will become part of the nativity.

Dancing Angels: Girls from Kindergarten through 2nd grade dress like angels and dance like them too. Girls in 3rd grade through 8th grade are Hip Hop Angels. Costume will be discussed at a later time. Both groups of Angels are also part of the chorus and can act in our production if they would like to. **There are extra rehearsals required, mostly on Sunday mornings.**

ADULTS

Back Stage Manager: Sitting with, cueing and watching over kids so they know when to stand, sit and sing. Little kids chaperones make sure everyone is safe and secure and loved. Do you have a high schooler who would be willing to help??

Help with set: There is always something to do... put props in place, add a chair here or there, set design/execution.

Costume Helper: The week before our program help organize the costumes that are needed. We will hand out most costumes during the dress rehearsal. Helpers put costumes in piles and assist parents in picking out the right outfit for their child. Costumes are dictated by role.

Food Helper: Help put out snacks for our dress rehearsal day. I pay – you purchase and serve.

Preschool Chaperone: Sit with the little ones during the performance and help get them on stage for their song.

I'll do anything: And I am grateful! This job is always a big surprise and great for someone who loves to make things go.
